

Global Development Field Faculty Willing to Advise MPS Students

[Maricelis Acevedo](#)

Concentrations: Agriculture and Life Sciences (International Agriculture & Rural Development - Global Development): international agriculture and rural development
Research Interests: plant pathology, plant breeding

[Shorna R. Allred](#)

Concentrations: International Development (Global Development): development policy; international planning

[N'Dri Assie-Lumumba](#)

Concentrations: International Development (Global Development): development policy
Research Interests: African and African diaspora education; gender issues; family and social structure

[Christopher Brendan Barrett](#)

Concentrations: International Development (Global Development): development policy
Research Interests: development policy; economic analysis

[Arnab Basu](#)

Concentrations: International Development (Global Development): development policy; international planning; international population
Research Interests: labor markets, crop pricing and adoption, eco-labeling, trade

[Alaka Basu](#)

Concentrations: International Development (Global Development): international nutrition
Research Interests: population studies; gender; health; south Asian studies

[Rachel Bezner Kerr](#)

Concentrations: International Development (Global Development): development policy; international nutrition; international planning; international population; Agriculture and Life Sciences (International Agriculture & Rural Development - Global Development): international agriculture and rural development

[David L Brown](#)

Concentrations: International Development (Global Development): development policy; international population

Research Interests: rural sociology; post-socialist studies

[Louise E. Buck](#) - (Divisional Member)

Concentrations: Agriculture and Life Sciences (International Agriculture & Rural Development - Global Development): international agriculture and rural development
Research Interests: integrated landscape management, ecoagriculture, innovation systems

[Ho Yan \(Nancy\) Chau](#)

Concentrations: International Development (Global Development): development policy
Research Interests: international trade; economic development; regional economics

[Debbie J. Cherney](#)

Concentrations: International Development (Global Development): development policy; international nutrition; international planning; international population; science and technology policy

[Ralph Dean Christy](#)

Concentrations: International Development (Global Development): development policy
Research Interests: agricultural economics; development policy

[W. Ronnie Coffman](#)

Concentrations: International Development (Global Development): development policy
Research Interests: development policy

[Royal Donald Colle](#)

Concentrations: International Development (Global Development): international planning;
science and technology policy

Research Interests: communication and community development, with a heavy emphasis on
developing nations

[Maria L Cook](#)

Concentrations: International Development (Global Development): development policy
Research Interests: labor and politics in Latin America; comparative migrations

[Sarah Nell Davidson Evanega](#)

Concentrations: International Development (Global Development): development policy;
international nutrition; international planning; international population; science and
technology policy

[Chiedozi Ngozi Egesi](#)

Concentrations: International Development (Global Development): development policy;
science and technology policy; Agriculture and Life Sciences (International Agriculture &
Rural Development - Global Development): international agriculture and rural
development

Research Interests: root and tuber crops, plant breeding and genetics, project management

[Parfait M Eloundou-Enyegue](#)

Concentrations: International Development (Global Development): development policy
Research Interests: development policy

[Julia L. Finkelstein](#)

Concentrations: International Development (Global Development): development policy;
international nutrition; international planning; international population; science and
technology policy

[Kathryn Fiorella](#)

Concentrations: Agriculture and Life Sciences (International Agriculture & Rural
Development - Global Development): international agriculture and rural development;
International Development (Global Development): international nutrition

[Miguel I. Gomez](#)

Concentrations: International Development (Global Development): development policy;
international nutrition; international planning; international population; science and
technology policy

Research Interests: food marketing and distribution; supply chain analysis

[Jere Douglas Haas](#)

Concentrations: International Development (Global Development): international nutrition
Research Interests: nutrition

[Peter R. Hobbs](#)

Concentrations: Agriculture and Life Sciences (International Agriculture & Rural
Development - Global Development): international agriculture and rural development
Research Interests: agronomy; cropping systems; traditional agriculture; research and
development in South Asia

[Heather J Huson](#)

Concentrations: Agriculture and Life Sciences (International Agriculture & Rural
Development - Global Development): international agriculture and rural development

[Karim-Aly S. Kassam](#)

Concentrations: International Development (Global Development): development policy; international planning; science and technology policy; Agriculture and Life Sciences (International Agriculture & Rural Development - Global Development): international agriculture and rural development

Research Interests: indigenous rights; sustainable development; gender analysis; climate change

[Sarosh C Kuruvilla](#)

Concentrations: International Development (Global Development): development policy

Research Interests: collective bargaining; labor law; labor history; Asian industrial relations transformations

[Steven Charles Kyle](#)

Concentrations: International Development (Global Development): science and technology policy

Research Interests: development economics

[James Philip Lassoie](#)

Concentrations: International Development (Global Development): science and technology policy

Research Interests: natural resources; development policy

[Julie G. Lauren](#)

Concentrations: Agriculture and Life Sciences (International Agriculture & Rural Development - Global Development): international agriculture and rural development

Research Interests: soil fertility, conservation agriculture, grain legumes, rice-wheat, and international agriculture

[David R. Lee](#)

Concentrations: Agriculture and Life Sciences (International Agriculture & Rural Development - Global Development): international agriculture and rural development

Research Interests: agricultural policy; international trade; agricultural price policy; the interactions between international trade and economic development; research and technology effects in agriculture; policy impacts on resource use and management

[Christopher Johannes Lehmann](#)

Concentrations: Agriculture and Life Sciences (International Agriculture & Rural Development - Global Development): international agriculture and rural development

Research Interests: soil fertility and nutrient management; ecosystems ranges from agriculture; agroforestry to forest successions

[Lori Leonard](#)

Concentrations: International Development (Global Development): development policy; international population; Agriculture and Life Sciences (International Agriculture & Rural Development - Global Development): international agriculture and rural development

[Daniel Peter Loucks](#)

Concentrations: International Development (Global Development): development policy; international planning

Research Interests: integration of economics, ecology, environmental engineering and other applicable disciplines into models for identifying and evaluating alternative natural resource development; management plans and policies

[John R. Mathiason](#)

Concentrations: International Development (Global Development): development policy; international planning; international population

Research Interests: governance of climate change; internet government

[Philip David McMichael](#)

Concentrations: International Development (Global Development): development policy
Research Interests: rural sociology; development policy

[Muna Baron Ndulo](#)

Concentrations: International Development (Global Development): development policy; international nutrition; international planning; international population; science and technology policy

[Rebecca Judith Nelson](#)

Concentrations: International Development (Global Development): development policy
Research Interests: improvement and management of resistance for resource-poor farmers; linking agricultural research and extension

[Steven A. Osofsky](#)

Concentrations: International Development (Global Development): development policy; science and technology policy

Research Interests: wildlife; health, conservation; one health; planetary health; biodiversity; sustainable agriculture; rural development; science policy

[Alice N Pell](#)

Concentrations: International Development (Global Development): development policy; international nutrition

Research Interests: animal nutrition; modeling; environmental and economic impacts of smallholder farmers

[David Louis Pelletier](#)

Concentrations: International Development (Global Development): development policy; international nutrition; international planning; international population; science and technology policy

[Scott J Peters](#)

Concentrations: International Development (Global Development): development policy
Research Interests: community-university engagement; community organizing; democracy, science, and education; history of American higher education; action research; narrative inquiry

[Max John Pfeffer](#)

Concentrations: International Development (Global Development): development policy
Research Interests: development sociology

[Prabhu L. Pingali](#)

Concentrations: International Development (Global Development): development policy; international nutrition; Agriculture and Life Sciences (International Agriculture & Rural Development - Global Development): international agriculture and rural development

[Alison G Power](#)

Concentrations: Agriculture and Life Sciences (International Agriculture & Rural Development - Global Development): international agriculture and rural development
Research Interests: agriculture ecology; pest management; ecological interactions between natural and agricultural ecosystems

[Kandukuri Venkat Raman](#)

Concentrations: International Development (Global Development): development policy; international planning

[Joe Mac Regenstein](#)

Concentrations: International Development (Global Development): development policy
Research Interests: food chemistry; waste management; religious (kosher and halal) and ethnic foods; fish technology

[Susan Jean Riha](#)

Concentrations: Agriculture and Life Sciences (International Agriculture & Rural Development - Global Development): international agriculture and rural development
Research Interests: environmental biophysics; sustainable land management

[Syed S H Rizvi](#)

Concentrations: Agriculture and Life Sciences (International Agriculture & Rural Development - Global Development): international agriculture and rural development
Research Interests: engineering and processing of food systems; processing technologies; packaging and international food developments

[Anthony M Shelton](#)

Concentrations: Agriculture and Life Sciences (International Agriculture & Rural Development - Global Development): international agriculture and rural development
Research Interests: integrated pest management; biological control; biotechnology

[Margaret Elizabeth Smith](#)

Concentrations: Agriculture and Life Sciences (International Agriculture & Rural Development - Global Development): international agriculture and rural development
Research Interests: varieties for smallholders farmers; farmer variety selection and conservation; participatory plant breeding; tropical crop production systems

[Tammo S Steenhuis](#)

Concentrations: Agriculture and Life Sciences (International Agriculture & Rural Development - Global Development): international agriculture and rural development
Research Interests: innovative ways of integrated watershed management

[Janice E Thies](#)

Concentrations: International Development (Global Development): development policy
Research Interests: soil microbial ecology

[Keith G. Tidball](#) - (Divisional Member)

Concentrations: International Development (Global Development): development policy; international planning; Agriculture and Life Sciences (International Agriculture & Rural Development - Global Development): international agriculture and rural development
Research Interests: natural resources in post conflict/post disaster, Social - ecological systems resilience, Human - nature interactions and dichotomies, Therapeutic values of conservation and recreation for returning combatants

[Terry W. Tucker](#)

Concentrations: International Development (Global Development): international nutrition; international planning; international population; science and technology policy
Research Interests: farmer-led innovation; alternative extension approaches and institutional arrangements; diverse partnerships for development

[Norman Thomas Uphoff](#)

Concentrations: International Development (Global Development): development policy; international planning; science and technology policy
Research Interests: methods of analysis; development policy

[Harold Mathijs Van Es](#)

Concentrations: Agriculture and Life Sciences (International Agriculture & Rural Development - Global Development): international agriculture and rural development
Research Interests: soil and water conservation; precision agriculture; environmental protection

[Michael Faivre Walter](#)

Concentrations: Agriculture and Life Sciences (International Agriculture & Rural Development - Global Development): international agriculture and rural development

Research Interests: water resources; conservation farming; erosion; watershed management

[Mildred Elaine Warner](#)

Concentrations: International Development (Global Development): international planning

Research Interests: community development; economic development; state and local government policy

[Monroe Weber-Shirk](#) - (Divisional Member)

Concentrations: International Development (Global Development): development policy; international planning

Research Interests: sustainable, gravity-powered, community-scale, drinking water treatment

[Lindy Brooks Williams](#)

Concentrations: International Development (Global Development): international population

Research Interests: population

[Wendy W. Wolford](#)

Concentrations: Agriculture and Life Sciences (International Agriculture & Rural Development - Global Development): international agriculture and rural development

Research Interests: political economy of development; social movements and resistance; agrarian societies; political ecology and conservation; land use; land reform; critical ethnography all in Latin America
